D

Desire

1. Perform an intensive market research to identify the most common desires—aka mass desire.
2. A mass desire is a strong, shared want or need that is felt by a large group of people at the same time.
3. It usually comes from what's happening in society, culture, or the economy, and shows that many people want the same thing—whether it's material, emotional, or aspirational.

Type	Focus	Example (Product: Hair Gel)	Mass Desire Type
Material	Function & performance—what the product does.	Strong hold that lasts all day - Non-greasy formula - No flakes or residue - Easy to wash out	Long-lasting, strong hold, ease of use
Emotional	How the product makes the user feel	- Feel confident at events - Feel attractive or in control - Worry less about bad hair days	Confidence, attractiveness, approval, self-esteem
Aspirational	What the product helps user become or seen as – status, identity, dreams	- Look like a trendsetter or influencer - Be seen as stylish or successful - Project power or rebellion	Power, charisma, success

D

Desire

Perform an intensive market research to identify the most common material mass desires

1. Amazon reviews
2. Ads Library
3. Google Trends
4. YouTube

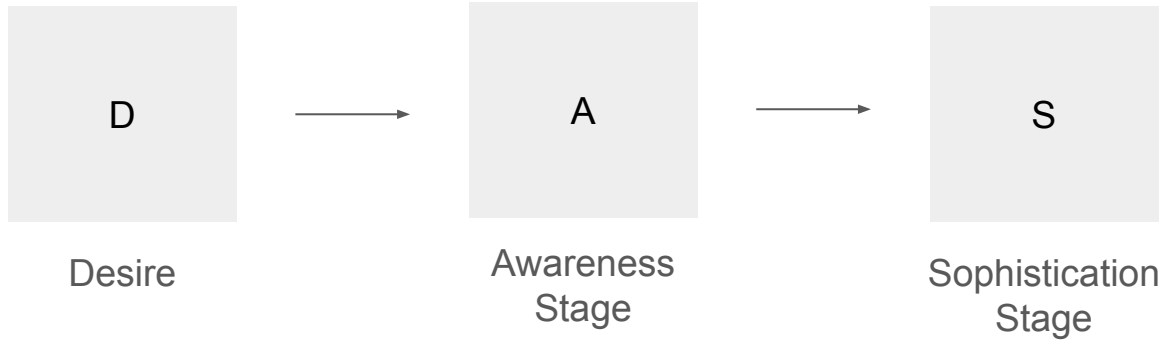

A

Awareness Stage

Pick one of the 5 Stages of market awareness against the desire

1. Most Aware
2. Product Aware
3. Solution Aware
4. Problem Aware
5. Unaware

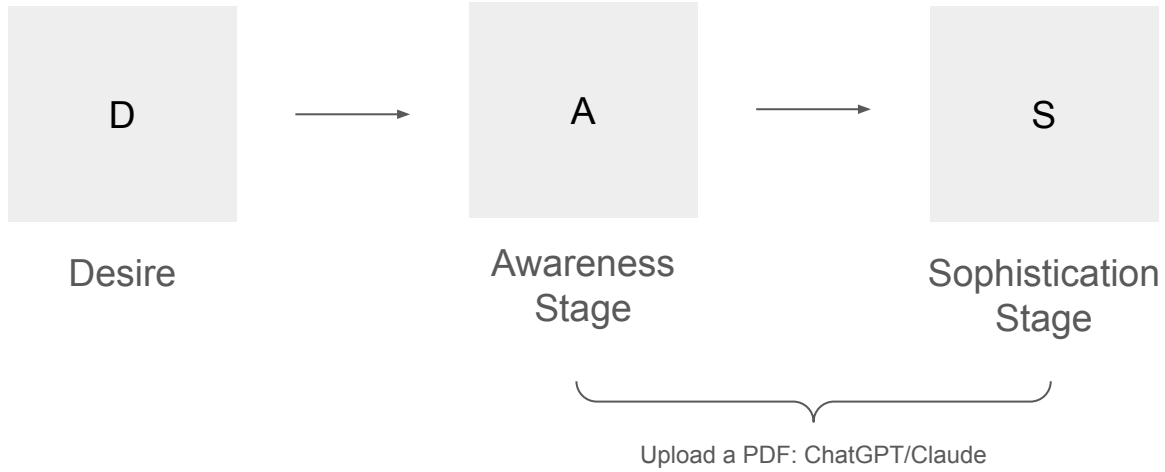

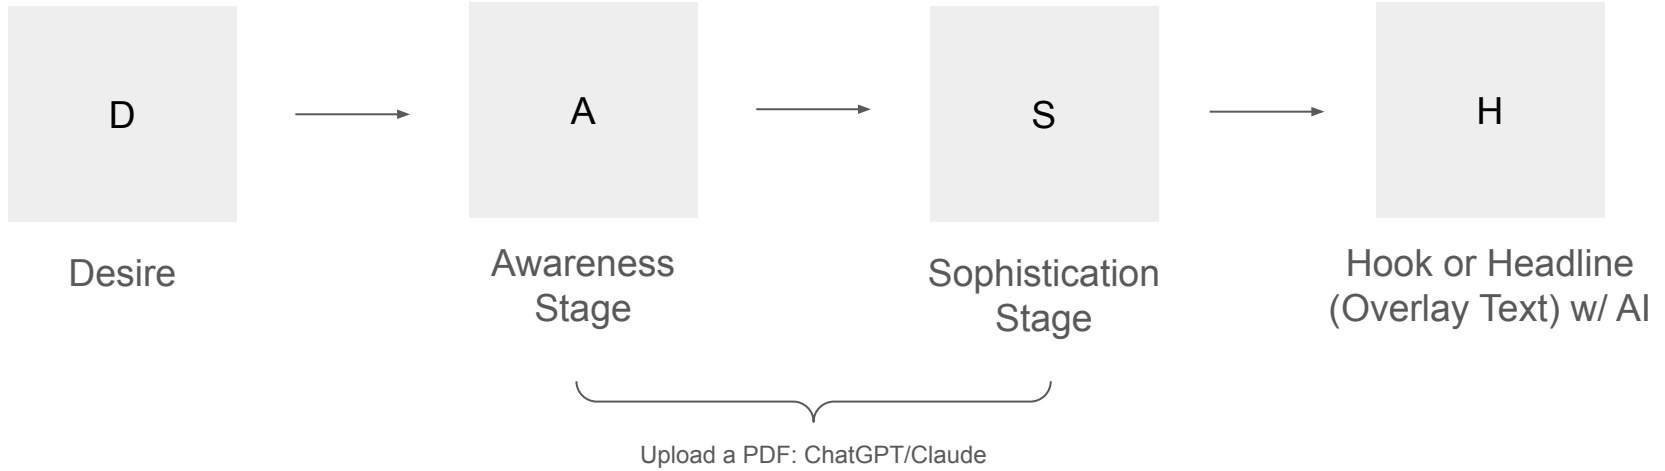

S

Sophistication Stage

Pick one of the 5 Stages of market sophistication against the desire and awareness stage

1. Stage 1
2. Stage 2
3. Stage 3
4. Stage 4
5. Stage 5
